EXPERIENCE

present - 1996 **Lash and Associates Publishing/Training, Inc.**
Partner

Founded business for development and publication of practical, user-friendly publications for parents, educators and clinicians on the causes and consequences of brain injuries among children, youth and adults. Content based on current research, accepted best practices and clinical experience of nationally recognized experts.

Development of special training programs and presentations for national, regional, and local conferences with emphasis on the educational, psychosocial and vocational impact of brain injuries among youths.

1997 - 1983 **Department of Physical Medicine and Rehabilitation**
New England Medical Center, Boston, MA

Research and Training Center in Rehabilitation & Childhood Trauma

Director of Training 1997-1990

Responsible for administrative, programmatic and financial management of national educational resource center conducting research and training on the causes and consequences of injuries among children and youth.

Family-centered service coordination for the educational and vocational needs of children with traumatic brain injuries

Principal Investigator 1997-1993

Developed and managed research project studying effectiveness of families as service coordinators for the special education and vocational planning of children with acquired brain injuries.

Careers in Automation for Persons with Severe Physical Disabilities

Project Director 1994-1990

Developed and managed a career development program to prepare severely disabled adults for employment by integrating vocational counseling, computer technology, and trial work experience.

Research and Training Center in Musculoskeletal Disorders

Director of Training 1990 - 1986

Assistant Director of Training 1986 - 1984

Training Coordinator 1984 - 1983

Designed and marketed accredited continuing education programs in physical medicine and rehabilitation.

1983 - 1980 **United Community Planning Corporation, Boston, MA**

Project Manager

Designed expansion of respite services for developmentally disabled

children and adults as planner and consultant to Massachusetts Departments of Social Services, Mental Health, and Public Health.

1979 - 1975 **Braintree Hospital, Braintree, MA**

Clinical Social Worker

Provided clinical assessment, psychosocial counseling, and discharge planning for adolescents and adults with physical disabilities.

1973 - 1972 **Massachusetts General Hospital, Boston, MA**

Casework Assistant

Provided counseling and discharge planning on neurosurgical service and burn unit.

1972 - 1969 **Northampton Welfare Service Office, Northampton, MA**
Social Worker

Conducted intake, eligibility determinations, and supportive services to caseload of families with dependent children.
