

**VITA**  
**SANDRA BOND CHAPMAN**  
**CENTER FOR BRAINHEALTH**  
**The University of Texas at Dallas**

**EDUCATION**

- Ph.D.      Doctor of Philosophy  
            University of Texas at Dallas  
            May, 1986
- M.A.      Master of Arts in Communication Disorders  
            University of North Texas  
            August, 1974
- B.A.      Bachelor of Arts Degree in Speech Pathology  
            University of North Texas  
            December, 1973

**PROFESSIONAL EXPERIENCE**

- 2004-Present    Dee Wyly Distinguished Chair in BrainHealth
- 2003-Present    Professor; University of Texas at Dallas; Department of Behavioral and Brain Sciences
- 1999-Present    CHIEF DIRECTOR, **Center for BrainHealth** at the University of Texas at Dallas. The Center is dedicated to understanding, protecting and healing the brain. Research and advanced clinical interventions optimize functional capacity and quality of life in clients with dementia, stroke, Alzheimer's, Parkinson's, depression, traumatic brain injury and complications of normal aging, across the lifespan.
- 2007 -            Research Integrity Committee Appointment, UT Dallas Academic Senate Committee
- 2005-Present    Editorial Board – Society for Experimental Biology and Medicine for Neuroscience Section
- 1990–Present    Reviewer for numerous Journals including but not limited to: Brain and Language, Archives of Neurology, Journal for Alzheimers Disease and Associated Disorders, Psychology and Aging, Neuropsychologia, Brain and Cognition, Journal of Speech, Language and Hearing Research, Cerebral Cortex, Journal of International Neuropsychology, Cognitive and Behavioral Neurology, Psychology and Aging
- 1986-2003      Faculty/Research Scientist, University of Texas at Dallas

**GRANTS AND FUNDS GARNERED**

Raised \$6,000,000 to establish 3 Distinguished Chairs in Brain Science at \$2 million each  
Raised more than \$20,000,000 for Center for BrainHealth building  
T. Boone Pickens \$11,000,000 total for research and building use  
Rees Jones Foundation \$250,000 for Equipping Social Cognition Real Life Laboratory  
Garnered \$500,000 worth of sculptures for outdoor landscaping  
Crystal Charity Ball \$300,000 as part of a collaborative grant  
Hudson Foundation \$80,000 for Hudson Scholar  
Legacy Award Dinner \$750,000 honoring Board Chair, Debbie Francis  
Obtained \$50,000 from Container Store, for BrainHealth annual lecture series to sponsor educational outreach

1986-Present Grants Funded as Principal Investigator

- Principal Investigator: Berman Laboratory for Knowledge, Learning and Memory \$1,000,000 (2007- Present)
- Principal Investigator: Wacker Foundation: Genes and Brain Images in Social Cognition: \$400,000 (2005-2008)
- Principal Investigator: Lattner Foundation: \$1,000,000 (2006-2010)
- Principal Investigator: Sparrow Foundation: \$3,000,000, Center for Advanced ADHD Research, Treatment and Education (2006-2009)
- Principal Investigator: T. Boone Pickens Foundation: Healthy Brain Aging and Pickens Virtual Learning \$ 4,000,000 (2006-2009)
- Principal Investigator: Lyda Hill: BrainHealth and Exercise, \$200,000 (2007 – present)
- Principal Investigator: Caren Prothro Foundation, Brain Repair Biomarker in Brain Injury; \$500,000( 2004-present)
- Principal Investigator: McDermott Foundation: Brain Repair Research; \$250,000 (2005 – present)
- Principal Investigator: Anonymous, Brain Repair in Children with Brain Injury \$180,000, (2004 – Present)
- Principal Investigator: David Disiere: Adult ADHD, \$200,000
- Principal Investigator: Jerry and Claudia Stool - \$200,000 Childhood ADHD, \$250,000 Alzheimers (2005-present)
- Principal Investigator. Sparrow Foundation, \$325,000 Social Cognition and Virtual Training in Children, (2005-present)
- Principal Investigator: Long-term Follow-along Care for Children with Acquired Brain Injuries, Crystal Charity Ball & Kidney Texas, 2007 - Funded
- Federal Initiative for Institute for Biomedical Sciences and Technology, Human Performance Equipment, 2007 – Funded \$500,000
- Co-Principal Investigator: Social Development Following Brain Injury, NIH, 2008-2012 - Pending
- Principal Investigator: Genetic Factors in Outcome after Traumatic Brain Injury, NIH, 7/1/4-6/30/09 – Funded (6/04).
- Principal Investigator: Neurobehavioral Outcome of Head Injury in Children," NINCDS, 7/1/04-6/30/09 – Granted (6/04).
- Principal Investigator: Neurobehavioral Outcome of Head Injury in Children," NINCDS, 7/1/91 - 6/30/03.
- Principal Investigator: -Behavioral and Genetic Distinctions in Primary Progressive Aphasia and Motor-Speech Loss" (2000-2005) \$100,000
- Principal Investigator: Randomized Trials of Cognitive Communication in Adults with Alzheimer's Disease (2000-2003) \$125,000.
- Principal Investigator: "Images, Language, and Genes in Pediatric Brain Injury," Crystal Charity Ball, (2002) \$250,000.
- Language Consultant: NIH Program Project, Frontal Temporal Dementia: Genes, Images, and Emotions, UCSF (2002-2005)
- Principal Investigator: Cognitive Communication Recovery after Brain Injury, (2002-2005), Derek Bruce Recovery Project, \$100,000
- Principal Investigator: "Spared and Impaired Abilities in Normal Elderly Adults," (2002), CitiGroup and Presbyterian Village North, \$30,000.
- Principal Investigator: "Spared and Impaired Cognitive Abilities in Advanced Aging" (in process)
- Principal Investigator: "Cultural Influence on Aphasia in African-Americans," Veterans Administration, 10/96 - 9/98.
- Principal Investigator: "Cognitive Discourse Processing in Elderly Populations," National Institute of Aging, 9/1/91- 8/31/96.
- Principal Investigator: "Child H.O.P.E. Project," Nannie Hogan Boyd Trust, Nations Bank of Texas. \$90,000.

- Principal Investigator: "Functional Brain Imaging in Children after Brain Injury," National Paralysis Foundation, 4/1/98 - 3/31/99, \$150,000.
- Principal Investigator: "Discourse Processing in Neurologically Impaired and Normal Elderly Populations," Texas Advanced Research Program, 1/92 - 8/94

1987-Present Consultant and Investigator for Alzheimer's Disease Research Center, University of Texas Southwestern Medical Center at Dallas

1986-Present Adjunct Instructor in Neurology, University of Texas Southwestern Medical Center at Dallas

1986-1990 Project Coordinator and Research Scientist for NIH Grant, University of Texas at Dallas, (Neurogenic communication disorders)

1996 Coordinator of International Symposium on Aging and Alzheimer's Disease, University of Texas at Dallas

1983-1984 Coordinator of International Symposium on Communication and Aging, University of Texas at Dallas

#### Pending Grants:

2008 Middle School Brain Years, Requesting State Funding

2008 Brain Health and Repair, Congressional Request

2008 NIH for Social Cognition in TBI with Baylor as lead Institute

2008 Reasoning, Brain and Human Motor Performance, and Genetics

2008 NSF, Biomarkers of Brain Reasoning

2009 NINDS, Clinical Trail Grant, Pediatric Brain Injury

#### TEACHING EXPERIENCE

1996-present Faculty, University of Texas at Dallas:  
Graduate Courses: Alzheimer's Disease and Related Disorders: Cognitive, Linguistic, Behavioral, and Neurological Correlates. Traumatic Brain Injury in Children

1986-1987 Graduate Instructor, University of North Texas Courses: Neural Basis for Communication, Aphasia and other Neurogenic Disorders, Denton, Texas.

1984 Graduate Instructor, University of Texas at Dallas Department of Communication Disorders  
Course: Language and Linguistics

1977-1980 Instructor, University of North Texas, Denton, Dept. of Communication Disorders. Courses: Language Disorders, Survey of Communication Disorders, Denton, Texas

1975-1977 Special Program Development for Autism and Infant Screening, Dallas Independent School District

#### MEMBERSHIPS IN SCIENTIFIC AND PROFESSIONAL SOCIETIES

Academy of Aphasia  
Academy of Neurologic Communication Disorders & Sciences  
Alzheimer's Disease and Related Disorders Association, Inc.  
American Association for the Advancement of Science  
American Psychological Society  
American Speech Language and Hearing Association  
American Society of Aging  
American Speech-Language-Hearing Association  
Cognitive Neuroscience Society  
Dallas-Fort Worth Aphasia Association  
Gerontological Society of America  
International Neuropsychological Society  
National Aphasia Association, Regional Representative  
Society for Neuroscience

Texas Speech and Hearing Association  
Who's Who in America  
Jonathan Bailey Associates Scientific Advisory Board  
Charter 100 Member  
International Women's Forum Member  
The Association of Women for Alzheimers Research and Education (A.W.A.R.E.)

## HONORS

- 2007 Distinguished Women's Award for 2007, Northwood University
- 2007 Featured in *PaperCity*, article "Great Minds In our Midst"
- 2007 Requested by Senator Shapiro to testify as expert witness before the Texas Senate Committee on Education to discuss Autism Spectrum Disorder
- 2007 Featured in University of Texas at Dallas, Alumni Focus
- 2006 Chosen as a member of Charter 100 – leading women in all walks of life
- 2006 Nominated and voted as member of International Women's Forum – Women leaders

- 2004 University of Texas at Dallas Outstanding Alumni Award
- 2004 Selected to appear in print advertisement in *Issues in Science and Technology*
- 1998 Research featured as outstanding accomplishments in the Special 10-year Report of Life Sciences Research in Texas
- 1991 Outstanding Publication Award, Texas Speech-Language-Hearing Association
- 1990 Selected as one of top 100 graduates in 100 year history, University of North Texas
- 1990 Research selected as Outstanding Research Award at the American Speech-Language and Hearing Association
- 1989 Recognized as Outstanding Speech-Language Pathologist
- 1988 University of North Texas, Outstanding Alumni

## PRESENTATIONS

- 2008 Invited to present research on Middle School Brain Years to various Texas State Representatives for a Congressional Request – Lt. Governor David Dewhurst; Texas House Speaker Tom Craddick; House Appropriations Chairman Warren Chisum; Senator Florence Shapiro, Chairman of the Senate Education Committee; Congressman Ralph Hall and Charlie Cooke, UT Systems Federal Relations; Rep. Will Hartnett, Chairman of the House Judiciary Committee; Rep. Jim Jackson (Appropriations), Rep. John Otto (Appropriations, Education), Rep. Jim Keffer, Rep. Jerry Madden
- 2008 Invited to present research on Middle School Brain Years to Jack Lowe, President of the Dallas ISD Board of Trustees and to Denise Collier, Head of Curriculum and Teacher Training for Dallas ISD  
July 2008
- 2008 Rotary Club of Dallas  
“Building a Brain to Last”  
August 2008
- 2008 Invited to testify before the Congress in Austin, Texas on Middle School Brain Years  
Texas State Capitol, Austin, TX  
July 2008
- 2008 Jewish Family Services, Ambassadors program  
“Building a Brain to Last”  
July 2008
- 2008 Texas Instruments Biomedical Lecture Series  
“Reprogramming the Human Brain”  
July 2008
- 2008 The Institute for Innovation & Entrepreneurship at UTD  
Research & New Venture Showcase  
“Enhancing the Potential of the Human Mind: Science or Science Fiction”  
April 2008
- 2008 American Red Cross  
“Building a Brain to Last”  
April 2008

- 2008 Scottish Rite Hospital  
"Building a Brain to Last"  
April 2008
- 2008 Mental Health America, Board of Trustees  
Middle School Brain Years program  
April 2008
- 2008 Preventive Medicine and Wellness Lecture series, Cooper Institute  
"Building a Brain to Last"  
March 2008
- 2008 UT Dallas, Center for BrainHealth  
"Lunch with the Scientists"  
Presentation and Discussion with BrainHealth board members and their guests  
March 2008
- 2008 KERA "Think" with Kryz Boyd, local PBS radio program  
"Get Smart: New Hope for ADHD"  
February 2008
- 2008 The Brain: An Owner's Guide – Center for BrainHealth Lecture Series  
"Get Smart: New Hope for ADHD", collaboration with Drs. Jacque Gamino and Mandy Maguire  
February 2008
- 2008 Junior League Sustainers  
"Possibilities in Autism: Where we are and where we are going", collaboration with Dr. Dan Krawwczyk and Karen Osborne  
January 2008
- 2007 Platform Speaker at Special Symposium of International Dyslexia Conference  
"Strategic Learning Deficits in ADHD and Dyslexia"  
November 2007
- 2007 Innovation Roundtable, Canadian Consulate General in Dallas, science and technology discussion  
Dallas, TX  
November 2007
- 2007 Presented Center for BrainHealth to National Architectural group  
BrainHealth and Smart Architects"
- 2007 "Building a Brain to Last " , Seasons of Significance  
The Seniors Place Annual Educational Forum and Luncheon  
Houston, TX  
October 2007
- 2007 "Building a Brain to Last"  
Keynote Speaker, Collin County Community College District, All College Day  
Plano, TX  
August 2007
- 2007 Mayor Tom Leppert at University of Texas at Dallas  
Richardson, TX  
August 2007

- 2007 "BrainHealth: The Intersection of Health and Technology", with John Hart, MD,  
Metroplex Technology Business Council  
Dallas, TX  
July 2007
- 2007 Research at BrainHealth, presentation to Dr. David Prior, executive vice chancellor for academic  
affairs at UT, and a group from UT System  
Richardson, TX  
July 2007
- 2007 "Multi-Tasking in the Workplace and Beyond: The Good, The Bad and The Ugly"  
EDS, Plano, TX  
May 2007
- 2007 Town Hall Meeting and Roundtable with Bob Woodruff, Good Morning Texas, WFAA-TV  
Dallas, TX  
May 2007
- 2007 Brain Imaging of Children and Youth with TBI: Current Practice and the Emerging Use of DTI in  
Relation to Outcome, Harvey Levin, PhD and group discussion leader, Sandi Chapman  
Galveston Brain Injury Conference  
Galveston, TX  
April 2007
- 2007 "Abstracting Meaning: A Tool for Differential Diagnosis", Neurology Grand Rounds  
UT Southwestern Medical Center  
Dallas, TX  
April 2007
- 2007 "High Performance: To Multi-Task or Not", The Brain: An Owner's Guide, Lecture Series  
Center for BrainHealth, Dallas, TX  
February 2007
- 2007 "Getting a Brain Physical "  
Highland Park Presbyterian Church  
February 2007
- 2007 "Forgetting is Good"  
Mary Kay Craig Class  
Dallas Woman's Club, Dallas, TX  
January 2007
- 2006 "Super Achievers and Multitasking: Is it BrainHealthy ?"  
Vital Mind organization  
Dallas, TX  
November 2006
- 2006 "High Achievers in Academic Medicine and Multi-taking – is it good for BrainHealth?"  
Women in Science and Medicine Symposium at UT Southwestern Medical Center  
Dallas, TX  
November 2006
- 2006 Autism Summit, UT Southwestern  
Dallas, TX  
November 2006

- 2006 "Taking Steps to Build a Healthy Brain"  
Chautauqua Series, Presbyterian Village North Foundation  
Dallas, TX  
October 2006
- 2006 "Super Women and Multitasking"  
Le Femme du Monde  
Dallas, TX  
October 2006
- 2006 "Brain Discoveries: Important Partnerships Build Lasting Connections"  
Conference of Southwest Foundations  
Santa Ana Pueblo, NM
- 2006 "Superwomen and Multitasking: A Kryptonite Alert for BrainHealth"  
AWARE  
Dallas, TX  
May 2006
- 2006 "Superwomen and Multitasking: A Kryptonite Alert for BrainHealth"  
Friends of Planned Parenthood  
April 2006
- 2006 "Conveying the Big Picture: Discourse Gist and Memory Processes in Pediatric Brain Injury"  
Cognitive Neuroscience Society Meeting  
San Francisco, California  
April 2006
- 2006 "Gist Abstraction: Effects of Age and Alzheimer's Disease"  
Cognitive Neuroscience Society Meeting  
San Francisco, California  
April 2006
- 2006" Childhood Development of Selective Learning in Expository and Conversational Discourse"  
Cognitive Neuroscience Society Meeting  
San Francisco, California  
April 2006
- 2006 Panel - Live to 100: A Discussion on Prevention, Positive Impact and Power for your Brain, Heart  
and Body  
Women's Business Issues & Information Series, Greater Dallas Chamber  
March 2006
- 2006 "Brain Health for Life"  
Heritage Club  
Dallas, TX  
March 2006
- 2006 "Forgetting is Good"  
Highland Park Presbyterian Church  
Dallas, TX  
February 2006

- 2006 "The Healthy Brain in Women"  
Kappa Kappa Gamma  
Dallas, TX  
February 2006

- 1993 National Institutes of Health, Invited Workshop, "Consequences of Traumatic Head Injury in Children: Discourse as a Measure of Outcome," November
- 1993 American Speech-Language-Hearing Association, 1993 Annual Convention, Short Course, "Tapping Communicative Strategies in Aphasia Using Macrostructure," November
- 1993 Fourteenth Annual Traumatic Head Injury Conference, Braintree Hospital, Rehabilitation Network, "Tapping Cognitive/Linguistic Deficits in CHI," "Narrative Discourse in Head-Injured Children: Consideration of Frontal Lobe Injury," September
- 1993 Clinical Aphasiology Conference, "Processing of Proverbs in Aphasia and Old-Elderly," June
- 1993 Dallas Aphasiology Association, "Discourse Processing in Progressive Aphasia," May
- 1993 Texas Speech and Hearing Association, Major Speaker, "Discourse Advances in Aphasia and Dementia: Tapping Communicative Strategies," April
- 1993 Texas Speech and Hearing Association, "Discourse Abilities: Is There Improvement Beyond One Year Post-Injury in CHI?," April
- 1993 Baylor Rehabilitation Center, "Discourse Processing in Neurogenic Populations," February
- 1993 International Neuropsychological Society Twenty-First Annual Meeting, "Discourse Disruption in Pediatric Head Injury: The Relationship of Cognitive Task Performance to Organization of Discourse," February
- 1992 "Alzheimer's Disease: Day by Day Language and Communication in AD," October
- 1992 Methodist Hospital In-Service, "Communication and Stroke Patients," October
- 1992 Academy of Aphasia, "Narrative Discourse in Head-Injured Children: Consideration of Frontal Lobe Injury," Montreal, Quebec, Canada, October
- 1992 Fifth International Aphasia Rehabilitation Conference, "Depth of Information Processing for Discourse in Elderly Populations," Zurich, Switzerland, September
- 1992 Sixth Annual Summer Speech/Language, Hearing & Special Education Seminar, Short Course, "Discourse Application in Aphasia and Dementia," Tahoe, CO, August
- 1992 Georgetown University Round Table Conference on Languages & Linguistics, "Transformation of Texts in Aphasic & Old Elderly Populations," Washington, D.C., April
- 1992 Aging: The Quality of Life Conference, Poster Session, "Depth of Information Processing for Discourse in Elderly Populations," Washington, D.C., February
- 1992 Clinical Aphasiology Conference, "Depth of Information Processing for Discourse in Elderly Populations," CO

- 1991 Texas Speech-Language-Hearing Association, Short Course, "Discourse in Elderly Populations: Facilitating Communicative Competence," April
- 1991 International Neuropsychological Society, "Discourse in Children with Closed Head Injury: A Retrospective and Prospective Study"
- 1991 International Neuropsychological Society, "Impairment of Planning After Closed Head Injury in Children"
- 1990 Texas Speech-Language-Hearing Association, "The Speech-Language Pathologist's Role in Dementia," April
- 1990 American Speech-Language-Hearing Association, Short Course, "Advances in Language and Communication Research: Research with Older Adults," November
- 1988 Clinical Aphasiology Conference, **1)** "Comparison of Language Profiles and Electrocortical Dysfunction in Aphasia," and **2)** "Communicative Burden in Aphasia: A Multilevel Analysis"
- 1988 Clinical Dysarthria Conference, "Multifocal Cortical Dysfunction in Spasmodic Dysphonia"
- 1988 Julie McGee Lamberth Aphasia Conference, "Progressive Aphasia"
- 1988 Texas Speech and Hearing Association, **1)** "Spasmodic Dysphonia: Beyond the Voice Disorder," and **2)** "Facilitating and Documenting Change in Discourse of Aphasic Individuals," and **3)** "Aphasia, Dementia and Closed Head Injury: Who is Telling the Story?," April
- 1987 Callier Center for Communication Disorders, Symposium on Stuttering and Related Speech Disorders
- 1987 American Speech and Hearing Association Convention, **1)** "Cortical Aphonia: A Case Study," and **2)** "Windows on CNS in Vocal Motor Control," November
- 1985 Clinical Aphasiology Conference, "Methodology for Assessing Auditory Comprehension of Discourse in Aphasia"
- 1983 Southwestern Aphasia Society, "Discourse Considerations in Aphasia"
- 1983 Research Seminar at Callier Center for Communication Disorders, "Discourse in Severely Impaired Aphasic Individuals"
- 1983 Clinical Aphasiology Conference, "Discourse Production in Aphasia: Relationship to Severity of Impairment"
- 1982 Acoustical Society of America, "Evaluating a Tactile Aid on Four-year-old Profoundly Deaf Children"
- 1982 Texas Speech and Hearing Association, "Discourse Agreement: Language Disordered Children's Strategies in Answering Questions," April
- 1982 American Speech and Hearing Association, "Evaluating the Effects of Tactile Stimulation on Speech Production of Profoundly Deaf Children," November
- 1979 Texas Speech and Hearing Association, "Aural Rehabilitation and Language Training for the Hearing Impaired Child," April
